TANYA: So, what is it you wanted to tell me?

LISA: I met someone.

TANYA: Met someone? But, Lisa, you're married.

LISA: I know, but Bill is totally into it.

TANYA: REALLY?!

LISA: Want to meet him? Jared, come in here!

Jared, an AI robot, mechanically walks into the room with a charming smile on his face. Tanya looks shocked.

LISA: He's an AI robot made specifically for women.
